ARDEX FA 10 is a fibre reinforced, rapid setting levelling and smoothing compound, ideal for use on a wide range of subfloors including new or existing cement/sand screeds, gypsum screeds, concrete and flooring grade plywood.

ARDEX FA 10

FIBRE REINFORCED SELF-LEVELLING RENOVATION COMPOUND

- MICROTEC Fibre Reinforced
- Walkable in 2½ hours
- Receives floorcoverings in the next day
- Suitable for underfloor heating
- Excellent surface finish even in thinner layers

**Just add
4.1 litres
of water**

Don't forget your ARDEX P 51 Primer

ARDEX P 51 improves the adhesion, flow characteristics and workability of levelling compounds on absorbent backgrounds.

- Multipurpose - seals and primes a wide range of substrates
- Blue pigment allows clear identification of primed areas
- Provides up to 160m² coverage per 5kg unit
- Easy to use, dilute as appropriate for the application
