

**ARDEX P 4 Primer is a ready mixed, rapid drying, solvent free primer that dries in as little as 30 minutes and produces a textured surface 'grip'.**

ARDEX P 4 is the ideal primer for use in areas which may become damp or wet such as kitchens, bathrooms and porches etc.

- **Produces a textured surface, idea for tiling onto**
- **Solvent-free, low odour formulation**
- **Excellent coverage**
- **For internal and external use**
- **Ready mixed re-sealable tub for convenience and ease of use**
- **White colour allows clear identification of primed areas**
- **Moisture resistant - for internal and external use**

**The consistency of ARDEX P 4 Primer virtually eliminates drips and splashes, making it ideal for use on walls, ceilings and floors, on a wide range of absorbent and non-absorbent substrates.**

# ARDEX P 4

Ready Mixed Rapid Drying Multi-Purpose Primer

Drying time	30 minutes approx
External use:	Yes*
Pack size:	2kg & 8kg
Coverage	2kg covers 12.5m <sup>2</sup> 8kg covers 50m <sup>2</sup>

DRIES IN 30 MINUTES

## The Ideal Primer for Tile on Tile Application

McDonalds chose ARDEX High Performance Tiling products for the refurbishment of all their UK restaurants.

To avoid costly and intensive mechanical surface preparation, ARDEX P 4 was specified on the existing tiled floor to facilitate tile on tile application. ARDEX P 4 produces a textured surface that helps the tile adhesive grip to the existing tile, preventing any slips or movement, and the fast drying properties meant that the next stage of installation could be completed in the shortest time possible. ARDEX MICROTEC Flexible Wall and Floor Tile Adhesives were used to fix the tiles, which were grouted with ARDEX-FLEX FL Tile Grout.
